School Crossing Patrol Winter Uniforms

Contrast 3-Colour Design Uniforms

The R1 Contrast Coat - Ultimate for SCP protection & Comfort

Manufactured from Bootex our own specifically designed performance fabric that is arguably the most advanced **breathable** fabric available to date. Manufactured using three colours, fluorescent red, fluorescent Saturn yellow and black. Conforming to EN471 Class 3, with a zip-in zip-out fully sleeved quilt liner and an additional fixed, soft feel, cotton lining. This coat has a heavy duty two-way zip which zips to the top collar with an extended storm flap and pop fastening. Two outside welted pockets with flaps, elasticated wind cuffs, detachable hood, and is trimmed to provide that ultimate professional identity with a black collar and pocket edge. Two bands of 3M Scotchlite on the body and two bands on each sleeve, with an additional band around the hem, all in the new chevron configuration.
