# Children's Images: Frequently Asked Questions for Parents/Carers

## Why do we need a policy?

Schools, playgroups, nurseries and youth groups have always used photographs as a way of celebrating achievement or seeking publicity for fundraising etc. Families and children often enjoy seeing their loved ones in print or on a website. We want to ensure that everyone can continue to enjoy these activities safely. However, parents/carers need to be aware that placing any identifying information in the public domain has risks and will need to understand these issues to give properly considered consent. It is important that parents/carers and educational settings can fully consider the issues before any problems can arise.

## So, what are the risks?

The most highly publicised and worrying risk is that a child who appears in the paper or on a web site may become of interest to a predatory sex offender. Locating people through the internet has become extremely easy, using widely available software, so if there is a picture and the name of a school/setting together with the name of the child then it could be quite easy to find out the child's address and even work out their likely route to school/setting. There are also other specific groups of children and families whose safety could be put at risk if identified e.g. families fleeing domestic abuse. To limit these potential risks, we will take appropriate steps, as outlined in the attached consent form, to safeguard children and the wider community.

## Isn't this just scaremongering?

Sadly not. We have had cases in Kent of families receiving unwelcome phone calls following appearances in the press. However, this is rare, so it is important to have a sense of proportion in these matters. Remember we want to celebrate success and achievement but parents must be aware of risks to make an informed decision.

## What about school/setting websites?

The same concerns apply to school/setting controlled online sites; there is an added concern that images of children can be copied, manipulated or changed by another person. We can try to copy protect images and will use lower quality images, but this can be bypassed so cannot not be relied upon to keep images safe.

## I want to do my own recording of the school/setting play/event is this okay?

Taking pictures or recordings of your own children for your own personal use is okay. The difficulty arises when other children are also be filmed. It is important that we are all aware that some members of the community may be vulnerable and must not have their image shared online as they could be put at risk from harm. You may not always know who these people and we need everyone's support to protect the whole community. It's also important for us all to role model positive behaviour for children, so it might be a sensible idea to check first before posting any images online which contain other children than your own. Parents/carers should not copy images from the **school/setting** website without appropriate permission from the **school/setting**.

# Letter Template - Parental Consent for Images

## Dear Parent/carer

This letter explains why we will need to ask for your consent before we are able to take photographs of your child during their time at <school/setting name>.

Generally photographs are a source of pleasure and pride. We believe that the taking and use of photographs can enhance the self-esteem of children and their families and therefore is something to be welcomed and appreciated.

We may take photographs for a number of reasons whilst your child is with us, including:

- documenting and recording education activities
- recording their learning and development progress
- recording and celebrating special events and achievements

We will also encourage children to be active learners, and to become involved in using cameras themselves by taking photos of their surroundings, activities and of each other.

We do however recognise that with the increase use of technologies, particularly digitally and online, the potential for misuse has become greater and we understand that this can give rise to concern. We will therefore endeavour to put effective safeguards in place to protect children and young people by minimising risk.

We are mindful of the fact that some families may have reasons why protecting a child's identity is a matter of particular anxiety. If you have special circumstances either now or at any time in the future which would affect your position regarding consent, please let us know immediately in writing.

We have a specific policy regarding the use of images and also include the safe use of mobile phones and personal devices as part of our online safety policy, which you are welcome to view or take a copy of at any time.

To comply with the General Data Protection Regulations (GDPR) and the Data Protection Act, we need your permission before we can photograph or make any recordings of your child. If your child is old enough to express their own view, you may want to consult with them about categories of consent, and we invite you to use this letter to explore their feelings about being photographed at the setting.

Please read and complete the attached forms and do not hesitate to contact me should you have any queries.

Yours sincerely,

Headteacher/Manager

# Template Group Activity Letter and Form

Dear Parent/Carer

We are staging a production/special event of on **xxxxxx**. We are sure some parents/carers would like to take photographs/videos of the production. As you know we have a policy in place with regards to the taking, making and use of images and you will have previously signed a consent form stating whether or not your child could be photographed. In circumstances, such as productions or special events, we request specific consent before photographs can be taken by a third party. If you wish to take photos at the production there is a strong possibility that other children will also be included within the picture. We therefore need to ensure all parents/carers who have children in the production are happy for photographs to be taken, and hence need to request their permission.

We all enjoy and treasure images of our family and friends; family events, holidays and events are moments we all like to capture in photos or on video. We now have the exciting dimension of adding our images and videos to our online social networks. This means that we can easily share our photos and video with family and friends. Whilst this can be very useful to all of us we must ensure we protect and safeguard all children and staff, including those who do not want to have their images stored online.

- Some children are at risk and **MUST NOT** have their image put online. Not all members of the community will know who they are.
  - Once posted and shared online any image or video can be copied and will stay online forever.
  - Some people do not want their images online for personal or religious reasons.
  - Some children and staff may have a complex family background which means that sharing their image online can have unforeseen consequences.
- Therefore in order to keep all members of the community safe we must all **'Think Before We Post'** Online

At **<school/setting name>** we are happy for parents and carers to take photos and video of events for personal use but we request that these images are not distributed or put online. This is to protect all members of the community. Please be aware that parents are not permitted to take photographs or to make a video recording for anything other than their own personal use (e.g. with a view to selling videos of an event).

Should any parent/carers not agree with their child being photographed, we will consider alternative options including:

- restricting who is involved in the production/special event
- staging specific photograph opportunities

Photographs of setting productions are ones which parent/carers tend to treasure. We will therefore only prohibit the use of cameras and videos as a last resort. We hope you will support us in this.

We would, therefore, be very grateful if you would complete the slip at the bottom of this letter and return it to me by **(date)**.

Yours sincerely

Headteacher/Manager
