NIL returns are NOT required

Details of any taxable benefits provided to staff must be returned to HM Revenue & Customs on form P11D. Copies of the form are available either on the HM Revenue & Customs website [www.hmrc.gov.uk](http://www.hmrc.gov.uk) or from your local tax office.

You should complete the P11D form in full or make arrangements with your payroll provider to complete it and abide by the deadlines given by them and HM Revenue & Customs. You should return all benefits unless covered by the school's dispensation or included in legislation.

For full details on whether benefits should be included on the P11D, see the HMRC website: <https://www.gov.uk/expenses-and-benefits-a-to-z>

**Please note: failure to submit this return may result in a penalty being imposed by HM Revenue & Customs.**

## **2. Employees Earning over £50,000**

**All Schools must complete this form.**

**If you have nothing to report a NIL Return is required.**

It is a statutory requirement of the Accounts and Audit Regulations 1996, that Kent County Council must disclose all staff salaries over £50,000 in the Financial Year.

## Completing the Employees Earning over £50k page of the form

Remuneration includes:

- All sums paid to/received by the employee
- Non-taxable termination payments
- Redundancy Payments
- Pay In-Lieu of Notice
- Expense Allowances Chargeable to Tax - for example: the profit element of car allowances
- The Money Value of Benefits in Kind

## Salary Calculation

Use the gross salary figures (before any tax/NI deductions). It is the total for the financial year (01 Apr - 31 Mar)

If a salary increase was made at the start of the academic year, you will need to calculate the correct figure for the financial year. Please see the example below:

Example: J. Bloggs Salary

Salary 1 April - 30 September: £50,000

Salary 1 October - 31 March: £55,000

So, the salary has been £50,000 for 7 months and £55,000 for 5 months of the financial year.

The calculation to work out the average over the 12 months is as follows:

$$\begin{array}{r} (\pounds50,000 / 12 \text{ months}) \times 7 \text{ months} = 29,167 \\ (\pounds55,000 / 12 \text{ months}) \times 5 \text{ months} = 22,917 \\ \hline \text{Total salary for financial year} = 52,084 \end{array}$$

## 3 Heritage Assets

**NIL RETURNS are NOT required.**

If you informed us of a Heritage Asset in prior years and there has been no change, there is no need to report the asset. If there have been any changes, or you have not informed us before, please complete the Heritage Assets page of the returns form.

Heritage Assets are defined as "assets with historical, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture."

Examples include:

- Significant pieces / collections of artworks including paintings, sculptures & ceramics
- Significant archaeological / historical artefacts
- Historical monuments within the school site
- Historical documents / archive material

There are some specific circumstances which you may think of but would not be classed as heritage assets & therefore we do not need to know about:

- If the school building itself is a historic/ listed building this can be ignored as the school is classified as an operational asset
- If your school field happens to be on an archaeological site but the site is not maintained as such
- If you happen to have insignificant historical / artistic / archaeological items which are not publicised / readily accessible / preserved for their contribution to knowledge or culture.

If you think you have any heritage assets, please provide the following information:

- 1) Description of the asset / collection
- 2) Value if known (along with who provided the valuation, and date of valuation). This can be an insurance valuation. Please provide a copy of the valuation.
- 3) Date of acquisition
- 4) Details of who has access to the asset / where the asset is kept
- 5) What records are kept of the asset

## Lease Agreement Information

**All Schools MUST complete this form.**

**If you have nothing to report a NIL RETURN is required.**

The accounts for Local authorities have to be produced on an International Financial Reporting Standards basis (IFRS). It is a statutory requirement for all leases to be reviewed to determine whether, under IFRS's, they fit the definitions of operating leases or finance leases. Our auditors will need to see evidence that all leases have been examined and reviewed.

Due to the introduction of a new accounting standard we need information on **ALL LEASES** that you currently have, regardless of whether they have been reported in previous years.

We also require **an electronic copy of each current lease agreement**. Examples of leases include photocopiers, IT or telephone systems, franking machines etc.

All schools **MUST** submit a return. **Details of Commercial Services leases must be included.**
