

COMMUNICATION MATTERS ROADSHOW

Ashford

Kent Invicta Chamber of Commerce, Kent

Monday 18 April 2016, 9am - 4pm

Communication Matters is the UK wide charity which works for and brings together everybody who has an interest in AAC (Augmentative and Alternative Communication).

A Communication Matters Roadshow is a great opportunity for people who use AAC, professionals and families to catch up on the latest solutions from a wide range of suppliers.

Every year we organise a number of Roadshows around the UK to update everybody in the field of AAC. In 2016 we are working with the regional hubs (specialist centres) to inform on developments in local provision.

Everybody comes with a different knowledge base, there is something for everybody.

Our hope is that attendees become members of Communication Matters to support the organisation! Membership includes people who use AAC, family members, professionals who support them and suppliers who design and manufacture AAC solutions. Find out more about membership via our website.

We are grateful to our many partners who organise the events at a local level.

The day includes:

- Choice of suppliers to visit
- Presentations and small workshops
- Exhibition time
- Presentation by the local AAC service
- Find out about CM activities and membership
- Free refreshments and lunch!

The Roadshow presenters are all members of Communication Matters

The following suppliers are due to present at this Roadshow (visit our website to check):

- Crick Software
- Inclusive Technology
- Sensory Guru
- Smartbox Assistive Technology
- Techcess
- Toby Churchill

Come along to the Roadshow to stay up to date with the latest AAC technologies and local services

Sponsored & hosted by AAC supplier members of Communication Matters
