BREAKFAST WITH Maths4Girls

SENIOR LEADER EVENT

12 JULY, 8.30-11am

In partnership with [Maths4Girls](#) and the [AMSP](#), we will be hosting an exciting breakfast event to champion girls' participation in Level 3 maths across our local area. After GCSE, 20% fewer girls than boys continue studying maths. This limits their access to some of the more challenging, interesting and lucrative careers.

Senior leaders in Kent & Medway are invited to Walderslade Girls School where they will be introduced to inspirational speakers from the world of business, familiarised with career paths that utilise mathematics and guided as to how to support raising interest. Please bring your Head of Department with you if possible.

INSPIRING EXCELLENCE IN SECONDARY MATHS

FREE NETWORKING DAY

14 JULY, 9.30am-3.45pm

The Kent & Medway Maths Hub, the AMSP and the Education People have come together to offer a free networking day to help inspire excellence in maths.

Share best practice with like-minded teachers; **build** relationships with other local schools; **reflect** on your provision for the next year.

Book

Join the Kent & Medway Maths Hub **mailing list** to discover free events & opportunities for schools
