Proloquo2Go®

Who is this course for?

This course will teach you technical skills at your own pace. A work shop format in the afternoon gives you time to practise adapting and making your own resources.

This course would be particularly useful for teachers, therapists or parents who are supporting a child or young person who is using the Proloquo2Go app for voice output communication.

What is it about?

Proloquo2Go is an app used to enable students to communicate with symbols and text.

This course will explore a range of relevant features within this app. These are fun as well as being able to promote progression and develop students skills and communication levels.

This app can be used for individuals or small groups of students with additional needs, so that they can join in with a wider range of curriculum activities and social opportunities.

What will I get out of this?

At the end of the course you will:

- Increase your confidence at using this app to make changes to a pre made vocabulary package.
- Increase your awareness of the published online resources and paper based materials that can be used as additional resources.
- Improve your understanding of how to make resources that support learning and communication.
- **Please have a USB or Memory Stick with you on the day.**

Course Overview:

- Develop knowledge and confidence of how to personalise a communication package with new words, photos and phrases.
- Identify underlying skills that students need to develop to attend, navigate and improve independent use of a communication system.
- Increase awareness of the full range of functions within the app that a student or group could use to support the progression of speaking and listening skills in all communication settings.

All courses will be held remotely by video link and will run on 2 half day sessions

Starting at 09:30 until 13:00

Dates:

08/11/2021 and 22/11/2021

06/06/2022 and 20/06/2022

Costs:

£40 for KCC and Medway school staff

£100 to out of county staff and independent schools.

How to Book:

Please complete the booking form on the back of this flyer and send it in to us using the details above.

The images used in this flyer are sourced from available images in Google for the purpose of demonstrating the specific technologies included in this course. For details of the product please visit the supplier's websites. Our training charges are related to covering costs only and do not generate profit.

Course Booking Terms and Conditions

Please allow one completed booking form for each delegate, for each course they are requesting to attend. If your place on the course is chargeable we will require a purchase order number in advance and the invoicing address. By submitting your form, you are agreeing that your employer is aware of your application and they have consented to cover any costs.

If plans change and you are unable to attend the course please contact us to advise. We may be able to defer your place on the course to another day. No contact in advance of the course could result in a cancellation fee being applied (50% of course fees + £12 Admin Costs).
