Entering Missing 2021 Scores

If, when you enter the 2022 Year 2 Phonics marksheet there are pupils with Autumn 2021 scores missing, you can enter them manually into the marksheet.

There are 2 scenarios:

If the child was on roll at your school last year and their Year 1 result is missing (they would have taken the screening check in Autumn 2021 due to Covid):

- Go to the Year 1 Phonics wizard for 2021. **Tools | Performance | Assessment | Wizard Manager.**
- Click on the Year 1 Phonics Screening Wizard 2021 option and click **Next.**
- **Curriculum Year 1** needs to be selected on the Select Group screen. Once **Curriculum Year 1** is displayed click **Next.** (In Group Selector **do not** choose an entry under Year Group, the group must be chosen from National Curriculum Year).
- Click on the Phonics Screening Year 1 2021 row and click the **Edit Marksheet** button (green pencil).
- Change **both** the Result Date and Group Membership Date boxes to a date in the last academic year (20/06/2021 for example) and click on **Refresh** – this will then display the pupils who were in Year 1 during the last academic year.
- Enter any missing Phonics scores into the Mark for Phonics Check Year 1 column. **Calculate** then **Save.**
- Close the Marksheet and the Wizard.

If the pupil was not on roll at your school last year and their Autumn 2021 result is missing:

- Go to the Year 1 Phonics wizard for 2021. **Tools | Performance | Assessment | Wizard Manager.**
- Click on the Year 1 Phonics Screening Wizard 2021 option and click **Next.**
- **Curriculum Year 2** needs to be selected on the Select Group screen (the year group the pupil is in now). Once Curriculum Year 2 is displayed click **Next.** A message will appear saying the Group selection has been modified. Click **Yes** to save the change. (In Group Selector **do not** choose an entry under Year Group, the group must be chosen from National Curriculum Year).
- Click on the Phonics Screening Year 1 2021 row and click the **Edit Marksheet** button (green pencil).
- Change the **Result Date only** to a date in the last academic year (20/06/2021 for example) and click on **Refresh** – this will then display your current Year 2 pupils.
- Enter any missing Phonics scores into the Mark for Phonics Check Year 1 column. **Calculate** then **Save.**
- Close the Marksheet and the Wizard.

In this second scenario you will need to change the Group back to Year 1 when you next select the Year 1 Phonics Screening Wizard 2021. Again, a message will appear saying the Group selection has been modified. Click Yes to save the change.

Entering Missing 2021 WA or WT Grades

If, when you enter the 2022 Year 2 Phonics marksheet there is no information (**Wa/Wt**) in the Grade from Phonics Check Year 1 column this means that the pass mark was not entered into the relevant marksheet in 2021. To flood fill this column you need to:

- Go to the Year 1 Phonics wizard for 2021. **Tools | Performance | Assessment | Wizard Manager**.
- Click on the Year 1 Phonics Screening Wizard 2021 option and click **Next**. (You may need to change the filter to **All** to see all the available Wizards.)
- Check that Curriculum Year 1 is displayed and then click Next. (In Group Selector **do not** choose an entry under Year Group, the group must be chosen from National Curriculum Year).
- Click on the Phonics Screening Year 1 2021 row and click the **Edit Marksheet** button (green pencil).
- Change the **Result Date and Group Membership Date** to a date in the last academic year (20/06/2021 for example) and click on **Refresh** – this will then display your current Year 2 pupils.
- The first column, Threshold Score Phonics Check Year 1 should be blank.
- Right click on the column header and choose Select Grade for Column. Click on **32** and then click on **OK**. Then click **Calculate** and the Grade for Phonics Check Year 1 will be filled with WA (working at or above) or WT (working towards). Then click **Save**.
- Close the marksheet.
- When you go back into the 2022 Year 2 Phonics marksheet the grades will now be displayed. Click on **Calculate** to display the pupils who need a retake score added for 2022.
