

STATWARS[®] CLIMATE CHANGE CHALLENGE

1

Register your school for the competition:
www.statwars.com

2

Download our Curriculum Mapped classroom resources and start the challenge with your pupils!

4

In teams, pupils use the data to decide on their manifesto pledge – three things they can commit to changing in order to reduce their carbon footprint.

3

Data Collection and Analysis – pupils capture and record their own data and analyse it using our Carbon Footprint Calculator.

5

Teams then use their data to try and encourage people to make change and help tackle Climate change by producing an **Infographic**, a **Campaign Poster**, a **Written Statement**, a **letter to a Local MP** and **present to the class**.

6

Send entries to Primary Engineer HQ: Floor 2, AMS Office Tower, AMS Technology Park, Billington Road, Burnley, BB11 5UB

7

All entries are then marked and graded with every pupil receiving a certificate

8

Shortlisted Entries and Winners are then selected with up to £5000 in eco-prizes up for grabs!

Primary Engineer Programmes
...the first step[®]
