

Pupils attending Specialist Resourced Provision (SRPs)

Recording in SIMS, Arbor and Bromcom and submitting on the school census

It is vital that KCC has an accurate view of pupils attending (SRPs). Previously, the data returned on the school census has not been in line with funded provision, so the following guidance has been produced to support schools with SRPs with their recording so that recording can be a) kept up-to-date, and b) returned accurately on every school census.
