

Support for Primary Maths Subject Leaders - What can The Education People offer you?

Each term we offer CPD for primary Maths Subject Leaders to enable them to carry out their role effectively, confident in the knowledge that they are up to date with the latest developments, and have an accurate knowledge of their subject area.

These CPD and networking sessions are offered as live webinars with the chance to raise questions with the Primary Maths Advisers, giving a very personal feel to the workshops.

What do we cover?

To find out more about what your Primary Maths Subject Leader might be missing, click [HERE](#) or type bit.ly/primaryMSL (case sensitive) into your internet browser.
