Headline Commentary

Figures for December show a stabilised position, and tend to reflect, with January and February, the most reliable reporting period in the academic year.

The NEET population has increased slightly this month to 2.4% (784 young people), up from 2.2% last month. This compares to a figure of 2.9% at the same time last year. This slight increase to 2.4% is small given the Not Known population fell to 3.5% this month (1170 young people), down from 5.4%, showing only a small proportion of these Not Knowns were found to be NEET. The Not Known figure in the same month last year was 4.7%.

The NEET population of 784 young people comprises 258 in the year 12 age group and 526 in the year 13 age group.

The Participation rate has increased again from last month, up to 91.4%, and is 1.5 percentage points higher than the same point last year.

District performance for NEET varies from 1.4% in Sevenoaks to 3.6% In Thanet, though most districts are between 2.1% and 2.9%. District performance for Not Knowns ranges from 2.0% in Tunbridge Wells to 4.8% in Dover. All districts saw a decrease in their Not Known percentages in December.

28% of NEET young people have been NEET for 27 weeks or more. In the same month last year this figure was 33%, so there has been some progress in tackling the long-term NEET population.
