This information notice explains how to enter your statutory Early Years Foundation Stage assessments into Assessment Manager and how to return them to Management Information.

Please note: you need the Spring 2019 SIMS upgrade to complete this return.

To check this, in SIMS.net go to Help | About SIMS.net option from the menu. The version should be 7.186 or later.

**Section 1 – User Defined Groups**

Before you use the new FSP wizard, you need to consider whether you need to set up a User Defined Group. This is used when you have pupils at the end of the Foundation Stage who are not marked as being in NC Year R in SIMS.net.

*You will also need to set up a group to:*
- Include any pupils who joined another school after the summer half term AND/OR
- Exclude any pupils who have joined your school after the summer half term.

If a pupil joins a new school before the summer half term holiday the new school must report the results. If a pupil joins a new school after the summer half term holiday, then the previous school is responsible for reporting the results. Please see section 4.2 on page 13 of the STA’s EYFS Assessment and Reporting Arrangements booklet.

If neither of these options applies to your school, turn to the top of page four and continue from Section 2.

Otherwise, please follow the guidelines below.

Go to Focus | Groups | User Defined Groups and the following screen will appear.

Click on the New button and the screen shown overleaf will appear.
Change the **Group Type** filter to National Curriculum Year, then click **Search**. All the pupils in your school will now be displayed.

To ensure that all pupils in each year group are shown together, click on the **Current Group** header. This will sort the pupils by Year Group as shown below.

Select all the relevant FSP pupils by clicking on them while holding down the Shift key.

You can also select any pupils who are not listed as NC Year R but whom you need to return results for.

Remember to exclude any pupils who joined you after the May half term.

When all pupils are selected click the **OK** button.
You will be returned to the Membership screen as shown below which has now been populated with the selected pupils.

If you need to add a pupil to the group who left after the May half term, click the **Action | Add Member** button again. You will be returned to the Select Members screen as shown below.

Finally, click on the **Save** button near the top of the screen and **Close** the window.
Section 2 – Importing the EY Foundation Stage Profile Wizard (AMPA folder)

If you have any problems with the AMPA files, please contact the EIS Help Desk on 0300 065 8888 (if you have a current support contract). If you do not have a contract, please contact Management Information on one of the telephone numbers on page 17.

Importing the EY Foundation Stage Profile Wizard into Assessment Manager

Go to Routines | Data In | Assessment | Import

If the following panel appears, make sure all the boxes are ticked and click Yes. All resources (including the Wizards) will be imported. This can take a few minutes to complete. During the import, a progress bar is displayed - when the resources have been imported and the activity log appears, you can continue these guidance notes from Section 3 on page 6.

If this panel does not appear or the Wizards do not import, continue with the screen shot immediately below.

Click on the magnifying glass and the screen shown overleaf will appear.
Within your SIMS.net folder there should be an AMPARK or AMPA folder as shown above. Double click on this folder, then on the following folders in succession:

- **England Primary (and Middle Deemed Primary)**
- **Assessment Manager**

Once the Assessment Manager folder is open, all related Wizards will be displayed as shown below.

Click on the **EYFS Profile Wizard 2019** as shown opposite and click on the **Open** button.

The import screen will be shown. Make sure the “**Overwrite with default values**” box is ticked and then click **Finish** followed by **Yes** to start the import. This may take some time depending on the speed of your PC. An Activity Log will be displayed when the import is complete. **Make sure the Log states that all items were successfully imported.** Click on the **Close** button.
Section 3 – Running the EY Foundation Stage Profile Wizard

Go to Tools | Performance | Assessment | Wizard Manager and the following screen will appear.

You then need to select a group of pupils to work with.

A list of all the Wizards on your system will be displayed.

Make sure the filter says Incomplete. If you can’t see the Wizard you need change the drop down box to All.

Do not tick the Complete box on the right.

Click on the EYFS Profile Wizard 2019 and click on the Next button.

Click on the magnifying glass and the screen shown overleaf will appear.
If you set up a User Defined Group (pages 1-3), click on the + symbol next to the **User Defined Groups** category and a list of Groups will be displayed. Click on the name of the group you set up (EYFSP 2019) and click on the **Apply** button.

If you did not set up a group, click on the + symbol next to the **National Curriculum Year** category. Select **Curriculum Year R** by clicking on the text once, then click **Apply**.

You will be returned to the Wizard screen where your selected group will now be displayed. Click on the **Next** button.

The list of available marksheets will be displayed as shown below.

Click on the **EYFS Profile 2019** row to select and then click on the **Edit Marksheet** button.

The marksheet will be displayed as shown overleaf.
Section 4 – Entering Results on the Marksheet

The marksheet will now be displayed as below.

You need to enter a score for each pupil into the columns for the 17 assessments.

The valid scores are:
- 3 (Exceeding)
- 2 (Expected)
- 1 (Emerging)
- A (Not been assessed due to long periods of absence or has an exemption)

When your marksheet is complete, click on the **Calculate** button at the **top** of the screen. This will populate the formula columns and indicate if any entries are missing. If you have no missing entries, click **Save** and then close the marksheet.

You must resolve any **Missing Entries** before returning your data to us.

Once you have resolved any errors, click Calculate again to make sure these are resolved and then click **Save**.

Close the marksheet and return to the Wizard.

Exit the Wizard by clicking on the **Cancel** button.

**Reports**
You can print out pupil and school reports if you wish. Please see the last page of these notes for guidance.

You now need to create a **CTF file in SIMS.net** to return your results to Management Information. Instructions for this start on the following page.
Section 5 – Creating your Return File

The final step is to create a CTF (in the form of an XML file) that will contain all your EYFSP teacher assessments.

**PLEASE NOTE:**
There is an extra “page” in the Wizard that creates an export file. Please **do not** go through this process.

As last year you will be transferring the XML created to us through **Perspective Lite** (used for returning your School Census to us) and you can send us your file from the end of May until **Friday 28 June 2019**.

Creating an XML file in SIMS.net

From the SIMS homepage go to **Tools | Setups | CTF** and the following screen will appear.

CTF Import Directory: ____________________________________________________________

CTF Export Directory: ____________________________________________________________

If the boxes are blank, you will need to set up the directories. Click on the magnifying glass next to each box and navigate to where your SIMS.net directory is. For example, the path may be: F:\SIMS\STAR\CTFOut

You now need to select which pupils to transfer results for.
Go to Routines | Data Out | CTF | Export CTF and the screen shown below will appear.

The following screen will appear.

Firstly, make sure the view is for Current and Leavers this year.

Then ensure that the Include Students already exported box is ticked.

Click the Refresh Students button.

Now click on the Year Group arrow and select Year R.

Your Year R current pupils will now be filtered as shown below.
To transfer results to Kent:
- Left click once in the Destination LA/Other box for the first pupil
- Right click in the same box and choose Select All. The grid will now be outlined in blue
- Click on the down arrow in the Destination LA box for the first pupil. This may resemble 2 vertical lines at the very edge of the box.
- Scroll down the list of LAs until you find Kent. Click on Kent and all pupils should now have this destination. You do not need to complete the Destination School column.

Scroll up and down the list of pupils to ensure they all have Kent as the Destination LA. If some are missing, click on the individual pupil’s Destination LA box and complete manually.

Please ensure that you do not attach a destination LA for any pupils who you do not have assessments for. For example, if new pupils have joined your school AFTER the May half term, simply remove the Destination LA from their “row”. To do this click on their LA Destination box and scroll to the top where there is a blank line. Click on this and the destination will disappear.

When you have added the Destination LA for your current Year R pupils, your screen should resemble the one shown below.

If you have had pupils leaving your school after the May half term, you must also return these assessments to us. If this does not apply to your school, please continue with these notes from the middle of the next page (Export CTF button).

To add these leavers to your file, firstly click the Year Group arrow and change the selection back to All as shown below.
Then click the **Year Group arrow** again and select the (R) year group as shown below. The brackets round the year group signify that the pupil/s have left.

Add Kent into the Destination LA box for these pupils the same way as before. When you have done this click the **Year Group arrow** again and change the Year back to All. You should then be able to see that all relevant Year R pupils have Kent listed in the Destination LA box.

When all the relevant pupils have been selected, scroll to the bottom of the screen. To complete the CTF process, click on the **Export CTF** button.

A message may appear regarding an Address Tidy and Merge. Click on the Yes button to proceed. An egg timer will appear. This is the only visible “working” symbol. When the CTF has been created a dialogue box will appear as shown overleaf.

![Export complete. CTF file(s) created:](image)

**Write down the file name here:**

8202001_CTF_886LLL_001.xml

---

Click on **OK** once you have written the file name down.
The Exception Log will appear. Please make sure that the **Number of students in file** is what you expect it to be and that it matches the **Number of students processed**. Number of students not exported should be **zero**.

Any errors regarding missing UPN’s or **FSP** scores **must** be resolved in SIMS.net (UPN’s) or Assessment Manager (FSP scores) and a new CTF created.

Once a correct CTF file has been produced you can exit SIMS.net. The file now needs to be transferred to Management Information.
Section 6 – Transferring your CTF to Management Information

As last year, files will be transferred via Perspective Lite. This is the website you use to transfer your School Census files to us.

Firstly, open Internet Explorer or another internet browser.

Type the website address in the address line https://perspective.angelsolutions.co.uk and press return.

- **Login to Perspective Lite** using the login details you use to transfer your census file to us.

If you need help with your login details please e-mail Angel Solutions at perspectivesupport@angelsolutions.co.uk or call them on 0845 129 7196.

Alternatively, if you click on the **Forgotten password?** link you can enter either your username (this is normally the school URN) or your e-mail address and a reminder of your login details will be e-mailed to you. The e-mail address that you enter will need to be the address that is assigned to your Perspective Lite login or the password retrieval will not work.
- Once logged in hover the mouse over **LA Services** and click on **File Returns**

![LA Services menu](image)

- To locate the file, you will need to click on the **Browse For Files** button. You need to navigate to the path you wrote down on **page 9**. You should have written the file name down on **page 12**.

![Browse For Files](image)

- Once your chosen file is displayed, select the **correct file tag** to correspond with the file you are uploading.

![File Tags](image)

- When the file is correctly tagged, you can then click **Upload & Send** to start the secure upload process for adding the file to Perspective Lite and sending to the LA.

- When the file has uploaded/sent you will receive a message on screen to let you know if this process has been successful.
• You have now sent the file and can exit if you wish, or you can locate another file that you need to send.

Please transfer your FSP Assessments file between the:

end of May and Friday 28 June 2019

Thank you.

• All sent files are visible in the Files Previously Sent section at the bottom of the page.

• You will be able to see the name of the file, who uploaded it and the date it was sent.

• You can also see if the file has been received by the LA, when they have received it and who downloaded it.

• There are three options available to you when you are viewing the Files Previously Sent. These are:
  o All
  o Sent and Not Yet Received
  o Received

• You will only be able to recall a file that has not yet been received by your LA. You can do this by simply clicking on the Recall button next to the document that you want to recall. This will remove the file from Perspective Lite and mean that this file can no longer be accessed by the LA.
Management Information Contacts

If you have any problems with any of the Assessment Manager or SIMS.net procedures outlined in this Information Notice please contact:

**Early Years Foundation Stage**

Cheryl Smith  03000 417174  
Matt Ashman  03000 417012

**Year 1/2 Phonics**

Teresa Westbrook  03000 417197  
Abi Maunders  03000 417131

**Key Stage One**

Wahida Siddique  03000 414655  
Nicola Willsher  03000 417203

**Key Stage Two**

MIDataCollection@kent.gov.uk  03000 422470
Reports

There is a facility within the Early Years Foundation Stage Profile wizard to print and preview pupil and school reports.

To access the reports, go to:

- Tools | Performance | Assessment | Wizard Manager
- Click on EYFS Profile Wizard 2019 and then the Next button
- Check that Year R or the correct user defined group are selected and click Next TWICE.

The report screen is displayed as shown below. There are 3 reports you can print or preview:

- EYFS Profile National Report 2019
- EYFS Profile Pupil Report 2019
- EYFS Profile School Report 2019

**The Pupil Report**

If you want to print all the pupils at once, click on the Select All button. All pupil boxes will now be ticked. Click on the Print button once.

If you want to preview the report, make sure that just one pupil box is ticked then click on the Preview button once.

**The School and National Reports**

Make sure only one pupil is “ticked”. Click on the EYFS Profile School Report 2019 report and click the Preview or Print button. The School report displays percentages for all pupils, boys and girls within your school. The National report displays 2018 National results by gender and all pupils.

You may choose to print one or multiple copies of either report by setting the number of copies required on the print manager screen.

The reports are opened in Microsoft Word. We advise that you save them to your network for future reference.

When you have finished printing and/or previewing reports click on the Cancel button to exit the wizard.
