## Early Years Foundation Stage 2019 Guidance Notes

#### May 2019

#### **Management Information**

This information notice explains how to enter your statutory Early Years Foundation Stage assessments into Assessment Manager and how to return them to Management Information.

Please note: you need the **Spring 2019** SIMS upgrade to complete this return.

To check this, in SIMS.net go to **Help | About SIMS.net** option from the menu. The version should be 7.186 or later.

#### Section 1 – User Defined Groups

Before you use the new FSP wizard, you need to consider whether you need to set up a User Defined Group. This is used when you have pupils at the end of the Foundation Stage who are not marked as being in NC Year R in SIMS.net.

#### You will also need to set up a group to:

- <u>Include</u> any pupils who joined another school after the summer half term **AND/OR**
- Exclude any pupils who have joined your school after the summer half term.

If a pupil joins a new school before the summer half term holiday the new school must report the results. If a pupil joins a new school after the summer half term holiday, then the previous school is responsible for reporting the results. Please see section 4.2 on page 13 of the STA's EYFS Assessment and Reporting Arrangements booklet.

https://www.gov.uk/government/publications/2019-early-years-foundation-stage-assessmentand-reporting-arrangements-ara

If neither of these options applies to your school, turn to the top of page four and continue from Section 2.

Otherwise, please follow the guidelines below.

Go to Focus | Groups | User Defined Groups and the following screen will appear.

# Section 2 – Importing the EY Foundation Stage Profile Wizard (AMPA folder)

If you have any problems with the AMPA files, please contact the EIS Help Desk on 0300 065 8888 (if you have a current support contract). If you do not have a contract, please contact Management Information on one of the telephone numbers on page 17.

#### Importing the EY Foundation Stage Profile Wizard into Assessment Manager

#### Go to Routines | Data In | Assessment | Import

If the following panel appears, make sure all the boxes are ticked and click **Yes**. All resources (including the Wizards) will be imported. **This can take a few minutes to complete**. During the import, a progress bar is displayed - when the resources have been imported and the activity log appears, you can continue these guidance notes from **Section 3** on **page 6**.

here are new/updated Assessment Manager Resources available for import. Do you wish to update your system ?								
Please note that this may take some time.Do not close SIMS until this import process is complete. Using some areas of SIMS during import may cause a system crash.								
The New Curriculum Programme of Study screen relies on resources being present in the local SIMS System, we therefore strongly recommend updating your AMPARK resources via this auto import routine. If you choose not to import these resources you may find that some features are not present and you will subsequently have to manually import the missing files. Please choose the 'yes' option to automatically update AMPARK resources.

- A (Not been assessed due to long periods of absence or has an exemption) •

When your marksheet is complete, click on the **Calculate** button at the **top** of the screen. This will populate the formula columns and indicate if any entries are missing. If you have no missing entries, click Save and then close the marksheet.

#### You must resolve any Missing Entries before returning your data to us.

Once you have resolved any errors, click Calculate again to make sure these are resolved and then click Save.

**Close** the marksheet and return to the Wizard.

Exit the Wizard by clicking on the **Cancel** button.

#### Reports

You can print out pupil and school reports if you wish. Please see the last page of these notes for quidance.

# You now need to create a CTF file in SIMS.net to return your results to Management Information.

Instructions for this start on the following page.

### Section 5 – Creating your Return File

The final step is to create a CTF (in the form of an XML file) that will contain all your EYFSP teacher assessments.

# **PLEASE NOTE**: There is an extra "page" in the Wizard that creates an export file. Please <u>do not</u> go through this process.

As last year you will be transferring the XML created to us through **Perspective Lite** (used for returning your School Census to us) and you can send us your file from the end of May until **Friday 28 June 2019**.

#### Creating an XML file in SIMS.net

From the SIMS homepage go to **Tools | Setups | CTF** and the following screen will appear.

If the boxes are blank, you will need to set up the directories. Click on the magnifying glass next to each box and navigate to where your SIMS.net directory is. For example, the path may be: F:\SIMS\STAR\CTFOut

You now need to select which pupils to transfer results for.

Go to **Routines | Data Out | CTF | Export CTF** and the screen shown below will appear.

To transfer results to Kent:

- Left click once in the Destination LA/Other box for the first pupil
- Right click in the same box and choose Select All. The grid will now be outlined in blue
- Click on the down arrow in the Destination LA box for the first pupil. <u>This may resemble 2</u> <u>vertical lines at the very edge of the box.</u>
- Scroll down the list of LAs until you find Kent. Click on Kent and all pupils should now have this destination. You do not need to complete the Destination School column.

Scroll up and down the list of pupils to ensure they all have Kent as the Destination LA. If some are missing, click on the **individual** pupil's Destination LA box and complete manually.

Please ensure that you do not attach a destination LA for any pupils who you do not have assessments for. For example, if new pupils have joined your school AFTER the May half term, simply remove the Destination LA from their "row". To do this click on their LA Destination box and scroll to the top where there is a blank line. Click on this and the destination will disappear.

When you have added the Destination LA for your current Year R pupils, your screen should resemble the one shown below.

#### If you have had pupils leaving your school after the May half term, you must also return these assessments to us. If this does not apply to your school, please continue with these notes from the middle of the next page (Export CTF button).

# Section 6 – Transferring your CTF to Management Information

As last year, files will be transferred via Perspective Lite. This is the website you use to transfer your School Census files to us.

Firstly, open Internet Explorer or another internet browser.

Type the website address in the address line <u>https://perspective.angelsolutions.co.uk</u> and press return.

• Login to Perspective Lite using the login details you use to transfer your census file to us.
