

## **Kent Fostering - you can change the future**

Have you thought about fostering? Kent County Council is recruiting foster carers now and can give you all the information you need. Across the county, Kent County Council's Foster Carers are making a real difference to the lives of children who need stable, loving homes – helping to change their futures for the better.

Foster carers provide an essential lifeline for children at some of the most difficult and troubling times of their young lives. People from all backgrounds are needed to work from home as approved foster carers. You can be single, married, in a same-sex relationship, with or without children – you just need time, a positive outlook and a spare room. Kent County Council has excellent training and support services for its foster carers.
