

fft aspire

The Fischer Family Trust, a not for profit organisation, has been saving schools hours of time and money by providing robust, quality data analyses for over 15 years to support future planning.

School Performance Evaluation and Benchmarking

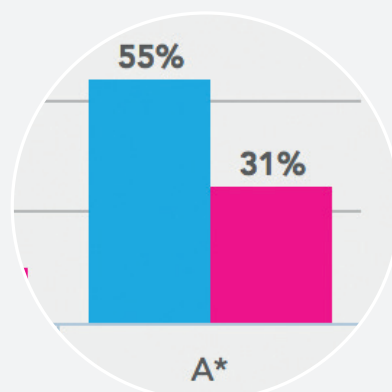

- FFT's evaluation dashboards and collaborate modules
- Interactive filters, group and subject analysis of school progress & attainment data.

Pupil Progress Predictions

- Target setting module with value added progress estimates
- Student Explorer – a rich census history of every pupil.

FFT Aspire is our trusted, secure and intuitive online data and reporting tool that provides valuable insight to nearly all secondary schools and 85% of primary schools across England and Wales.

Our value added dashboards and pupil progress predictions are essential to raise and maintain progress rates at your school, so you can focus on what can make a difference.

FFT Aspire benefits your whole school
